Subject: NDOW Call today for Storm Harvey
Date: Tuesday, August 22, 2017 12:47:00 PM

FYI, Anthony Buck just called me and wants to test out our NDOW Texas conference call plan prior to a Hurricane. The NDOW leads for Texas will have a brief call today at 1500 to get a weather update on storm Harvey and discuss any potential concerns. I will update you on anything of significance.
